

Skew to an Octagon

- Press **Design**.
- Press **File**.
- Press **Open**.
- Double tap on:

- **Designs/HQ Designs/ Blocks/Block 15**
- Press **Area**.
- Move machine to a corner on the shape of the fabric.
- Press **Multi-Point**.
- Move machine clockwise to second corner.
- Press **Multi-Point**.
- Move machine to third corner.
- Press **Multi-Point**.
- Continue around the shape till all corners are defined.

- Press **Skew/Align**.
- Press **Skew**.
- The design will skew to the area shape even if the hexagon shape is skewed as the one in this tutorial.

- Press **Rotation**.
- Rotate the design around until it fits the shape with the circles in the corners or to your preference.
- You may choose to have your design look like this in the area box.

- Press **Quilt**.
- Press **Run**. Verify Settings.
- Press **Proceed**.
- Stitch the design.
